Weekly Report - Week 5 (05.12)

Team Progress Summary

1. **Agent Testing**

   - Completed initial testing for religion-based agents.
   - Adjusted prompts to improve clarity and consistency in responses.

2. **Data Refinement**

   - Fine-tuned clustering for ethnicity groups to reduce overlap.

Challenges Encountered

- Difficulty ensuring neutrality in politically sensitive prompts.
- Occasional inaccuracies in LLaMA's responses for economic scenarios.

Next Steps

- Conduct focused testing on ethnicity-based agents.
- Begin integrating agents into a shared testing environment
